

FROM THE DESK OF EXECUTIVE EDITOR

(Birdem Med J 2015; 5(1): 63)

This peer reviewed journal is an assortment of different articles related to various disciplines of medical science. It welcomes original articles, review articles, meta-analysis and systemic reviews, case reports from physicians and allied professions of different medical institutions from home and abroad. The web site of the journal (www.birdemmedj.org) can be browsed conveniently and the journal can be viewed online through Google and Yahoo. Its ISSN is Print: 2305-3712, online: 2305-3720. We are proud to announce that we have received official registration for the journal from Bangladesh Medical and Dental Council (BMDC). It has also been enrolled to BanglaJOL. One can browse <http://ibanglajol.info/bd/index.php/BIRDEM/index> to find out an article by searching the title. Manuscript can now be submitted online. We are also enriched with system to record the number of online readers who have browsed and visited the journal from web site. This is surely very encouraging to us.

In the previous issue, we have highlighted the achievement of Millennium Development goals(MDG4 &MDG5).In this issue, a similar article “Challenges and facilities available in health sector” has been added for consummate conception. We have also added the’ Poisoning and Toxinology’ a burning issue of management of our health sector.

BADAS -USAID TB care -II project have formulated a national guideline for the management of Tuberculosis(TB)-Diabetes Mellitus (DM) Co-morbidity -this we have highlighted as BIRDEM news in this issue.

We feel tremendously buoyed by our readers’ participation and their responses from all over the globe. We are very thankful to the online readers. We also express our pristine appreciation and gratefulness to the authors who bolster our hope immensely and enrich the journal aptly with valuable articles.

We eagerly look forward to your valuable advice, suggestions and recommendations in the future.
