

FROM THE DESK OF EXECUTIVE EDITOR

(Birdem Med J 2014; 4(2): 127)

The peer reviewed journal will be a valuable collection of different articles of all disciplines of medical and allied sciences. It publishes CME articles, article of researchers of different disciplines of BIRDEM and other institute of home and abroad. Any one can browse our web site (www.birdemmedi.org).you can search the journal in google and yahoo. Our ISSN is Print: 2305-3712, online 2305-3720. We got the registration from Bangladesh Medical and Dental council. We have been enrolled to BanglaJoI. Any one can browse <http://banglaiol.info/bd/index.php/BIRDEM/index>. We can get an item browsing the title here. The author now can submit the topic online. We have the system to enumerate number of online readers of our journal, the statistics is very much encouraging to us.

In previous issues we tried to highlight necessity of honoring ethics with title “ethics in medicine”-in this issue our editorial is “Code of medical ethics: Guidelines of Bangladesh Medical and Dental Council (BMDC). In this issue our editorial is ‘Millennium Development Goals(MDG 4 and MDG 5 and Child and Maternal Health Status in Bangladesh’ with aim to highlight our progress in health sector in last decade.

We tried to incorporate diversified topics in our original, review article and case reports.

We are encouraged by our readers and their responses from home and abroad. We are very much thankful to our online readers, very much appreciate our authors who encourage us and enrich the journal with articles of variation.

Eagerly waiting for your valuable advice and new articles.
