Editorial

It is my immense pleasure of making Bangladesh Journal of Nutrition and Food Science (issue-26) available to the readers for the period of December 2013-14 published by the Institute of Nutrition and Food Science (INFS), University of Dhaka to help in the dissemination of nutritional research activities in Bangladesh and abroad. I believe these original research articles dealing with various aspects of Nutrition and Food Science would be important tools for dispersion of knowledge of different branches of Nutrition & Food Sciences.

I would like to extend my profound thanks and appreciation to all those who spent their valuable time for the publication of this issue. I also express my profound gratitude to the members of the Editorial Board for their continued support and cooperation in bringing out this Journal in time. To make our society more vibrant and effective, we need your comments, suggestions and active participation.

On behalf of,
Editorial Board
