

FROM THE DESK OF EDITOR IN CHIEF

Central Medical College Journal is a peer reviewed indexed journal published twice in a year in January and July, which publishes original article on Medical scientific research conducted in this institute nationally and abroad. It also accepts review article and case report. Member of editorial board use to participate in national and international workshop on scientific paper presentation and article writing to enrich their skill and performance. The editorial board is very much concerned regarding honest observation of all the articles of this journal.

We expect co-operation and constructive suggestion from all concerned.
