

FROM THE DESK OF EDITOR IN CHIEF

(J Bangladesh Coll Phys Surg 2010; 28: 67)

This corner of the journal has been introduced from this issue to communicate news regarding journal and its new development. In the meeting of the board of editors chaired by Professor AKM Mahbubur Rahman few decisions have been taken which will be implemented in the forth coming journals.

Already we have started printing the names of the Reviewers of the articles of that issue .Information about the national and international scientific seminars of different societies & subjects will be published in due course of time.

Fellows are requested to submit any medical miracle that they have come across during their professional practice which is exciting and reportable.

Publication of an article may take long time in JBCPS so, short communication of professional and national interesting topics are invited for Publications on priority basis.

Fellows are requested to submit letters to the editor for comments and criticism on any article and editorial.

We are trying to disseminate the Journal to many different web sites. www.banglajol.info has been updated upto 2009.

Directory of Open Access Journal (DOAJ) and HINARI@who.int have agreed to include JBCPS in their website very soon.

Hope to give more new information and further development in the coming days. Best wishes for all the fellows.

A new email address has been activated for the editor of the Journal: journal.bcps@gmail.com All the fellows are requested to communicate to the above mail address & can submit their articles fulfilling the requirement

Prof. Quazi Tarikul Islam

Editor-in-Chief
