

From the Desk of Editor-in-Chief

I would like to express my warm gratitude to the academic council of Enam Medical College for entrusting me with the responsibility of Editor-in-Chief for the Journal of Enam Medical College. The task of laying the foundation of a new scientific journal is not easy. But the teaching staff of the college, editors and members of the editorial board, reviewers have shown much enthusiasm regarding publication of the first issue of the journal. I am thankful to all of them for their enormous support and dedication. I highly appreciate the prompt response from the authors of different academic disciplines for showing interest to publish their articles in the 1st issue of the journal.

I express my special thanks to Dr. Enamur Rahman, Chairman of the governing body, Enam Medical College and Prof. Abdul Mannan Sikder, Principal, Enam Medical College for their continuous support, co-operation and advice in publishing the journal.

There is a perfect blending of experience and dynamic young talents in the editorial board. The editors of the journal have really worked hard to bring the journal to broad daylight in spite of their routine business with academic and clinical activities. They deserve many thanks. I also express my appreciations to the reviewers who have taken troubles to review the articles in time.

This Journal of Enam Medical College will be launched online very soon to disseminate its contents to increase its visibility to a greater number of readers and researchers at home and abroad.

Constructive criticisms regarding the journal to improve its quality are welcomed. Hope to give new information and further development in future.

Best wishes.

Prof A. K. M. Rafique Uddin

Editor-in-Chief
