CPD Programme

Continuing professional development is the process of life-long learning in practice. It helps the medical professionals to keep them up-to-date to meet the needs of the patient and health care services and to improve their knowledge, skill and attitude.

Enam Medical College arranges CPD program regularly. From January 2011 to June 2011, total 22 seminars were held. Around 350 students, doctors and teachers attended each of these seminars.
