CPD Programme

Continuing professional development is the process of life-long learning in practice. It helps the medical professionals to keep them up-to-date to meet the needs of the patient and health care services and to improve their knowledge, skill and attitude. In Enam Medical College total eight seminars were held during the period of May to August 2016. Around 300 students, doctors and teachers attended each of these seminars.

CME Programme

To enhance communication skill in teaching and learning and efficiency of judgment of teachers, especially the freshly appointed teachers in the assessment in examinations and to improve medical teaching standard of teachers by refreshing knowledge, skill and attitude, continued medical education (CME) programmes are very much needed. It is also essential to make them oriented with the updating of education system, teaching and research methodology and to share experience and views of senior faculties. In these perspectives, Medical Education Unit of Enam Medical College is arranging quarterly teaching and learning sessions for all teachers of the college. All the teachers of the college actively participate in these sessions.

Participation in scientific conference abroad

Prof. Md. Aminul Haque Khan, Head, Department of Biochemistry, Enam Medical College, Savar, Dhaka and Editor-in-Chief, Journal of Enam Medical College attended the Asia Pacific Association of Medical Journal Editors Convention (APAME Convention) 2016 organised jointly by Asia Pacific Association of Medical Editors (APAME), Thai Medical Association and Thai Society of Medical Journal Editors (ThaiMJE) held in Hotel Centara Grand at Central Plaza, Ladprao, Bangkok, Thailand from August 27–28, 2016. He presented two papers titled ‘Authorship in Scientific Papers’ and ‘Journal of Enam Medical College’ in the scientific sessions of the convention.

Visit

The Inspection Team of Sri Lanka Medical Council visited Enam Medical College, Savar, Dhaka on 14 August 2016.
