Alhamdulillah! With the publication of this issue we are completing eight years of publication of Journal of Enam Medical College. This is a great success and landmark in the trajectory of the journal. We share this success with the contributors, reviewers and faculties and authority of the college without whose active and sincere cooperation it would not have been possible to publish the journal regularly and timely. We are very grateful to all of them.

The flow of paper submission for publication in the Journal of Enam Medical College continues to be very good. Papers are flowing in also from outside the country. This has been because of the quality of the journal and regular and timely publication.

Participation in the national and international conferences promotes exchange of ideas among the academics. Dr. Mohammad Shahjamal Khan, Associate Professor, Department of Endocrinology, Enam Medical College & Hospital, Savar, Dhaka participated in the 27th Annual Scientific & Clinical Congress of American Association of Clinical Endocrinologists held in Boston, MA from May 16–20, 2018. His participation in this grand meet greatly acquainted Enam Medical College among the endocrinologists of United States. Dr. Mohammad Shahjamal Khan has also been elected fellow of the American College of Endocrinology (FACE). We congratulate him for his great achievement.

With all the best wishes.

Prof. Md. Aminul Haque Khan
