

From the desk of Editor-in-Chief

Alhamdulillah! We have already completed twelve years of publication of Journal of Enam Medical College. This is the 12th anniversary issue of Journal of Enam Medical College. This is a great success and landmark in the trajectory of the journal. We share this success with the contributors, reviewers, faculties and authority of the college without whose active support and cooperation it would not have been possible to publish the journal regularly and timely. We feel very grateful to all of them.

Journal of Enam Medical College is already indexed in many indexing databases. The flow of paper submission for publication in the Journal of Enam Medical College continued to be very good till covid-19. Papers were flowing in also from outside the country. This had been because of the quality of the journal and regular and timely publication. But since then there is a decline in submission of papers. We request our readers and contributors to submit more papers for publication

Participation in the national and international conferences and workshops promotes exchange of ideas among professionals. During the last four months period faculties of Enam Medical College could not participate in scientific conferences at home and abroad because of pandemic covid situation and present papers, but many faculties did it online and a few participate physically. Their participation in these conferences and workshops greatly acquainted Enam Medical College among the professionals participating these conferences. We congratulate all of them.

With all the best wishes.

With all the best wishes.

Prof. Md. Aminul Haque Khan
