

From the Desk of Editor in Chief

Dear Members,

Seasons greeting for all.

I thank all the members for sending their research works to us and humbly request to continue to send good quality research articles, review articles and case reports for the upcoming issues of the journal. We are trying hard to create online version of our journal which is a pre-requisite to be indexed and to get international recognition. I earnestly request our junior members to submit their dissertation as paper to publish in the journal which will help them in their career.

Thanking you all,

Professor Salma Sultana
