

Thanks to our Reviewers 2011-2013

The South East Asia Journal of Public Health relies upon the commitment, expertise and independent judgement of its reviewers to maintain the high standard of research it publishes. Here we list the names of all those who have submitted one or more reviews to us from 2011 to 2013. We know that acting as a reviewer entails significant time and effort and the editors would like to publicly acknowledge the people listed below who served as reviewers on the journal. Without their efforts, the quality of the journal could not be sustained.
