

EDITORIAL

It is my privilege to declare that the dedicated team member of Update dental College Journal editorial board to publish the third issue of the Update Dental College Journal. After successfully publishing two issues of the previous volume, numbers of response from the contributing authors and medical and dental researcher, especially from Professor Ismail Khan, the dean of Medicine Faculty, University of Dhaka encourage us to publish subsequent issue of this journal in more perfect and International slandered. We are committed to keep our international slandered of biomedical journal, by double blind peer reviewing the submitted paper, that's why date of submission and date of acceptance is

maintained from the very first issue of this journal. The ISSN number of printing matter is also incorporated from the first.

I am thankful to all those contributors who made their manuscripts available for publication. The members of Editorial Board, have done a lot of work to deal with to reviewing all submitted articles and synchronized them for publication, organized the journal material in paper format .

Prof. Dr. Osman Ghani Khan,

Editor in Chief
