The Inauguration of Academic and OPD Software automation Programme:

Academic and OPD automation Software has been proud to be inaugurating a new extension to its premises in Update Dental College and Hospital. The extension has inaugurated and officially opened by Honorable Pro Vice Chancellor, Prof. Dr. Shahid Akhtar Hossain, University of Dhaka on its premises on,16th May, Saturday 2015.

Honorable Dean, Faculty of Medicine, Prof. Dr. Md. Ismail was present at opening ceremony as special guest, Honorable chairmen, East West Medical and Update Dental College, Dr. Md. Moazzem Hossain was also present on that

8th to 12th November 2015. First camp was held previously on 16th March to 21st March 2014. Almost 200 Cleft lip and Palate patients from every corner of the Bangladesh were responded to that campaign. Out of them 90 patients were received free surgery over the 7days. The Rutgers University surgical Team was headed by Professor Dr. Shahid R. Aziz, from the oral and maxillofacial surgery department of that university.

auspicious day. They have given their advices and a proper guideline on their valuable speech.

This automation software used to digitally create, collect, store, manipulate, and relay student information related to their whole year academic class, item and term final exam result. This software automatically publish a student profile after a whole year academic work or the present status of a student. It is basically based on several database input system. Such as weekly item and monthly card exam and term exam result and students class attendance.

It is very proud to say that, this academic automation software is lounge first in Bangladesh among all dental college by Update Dental College and Hospital.
